How can you not love these guys? They're giving out 30% discount for a week upon launch. The gameplay is mostly puzzle but some dex is required. If you want an action packed platform game, this is not for you. The game has nice simple graphics and soundtracks are nice and appropriately selected. My only complain is that its kinda short. Finished 100% in about 7 hours. The game's story is simple but good enough for you to have a genuine interest/curiosity. I'd say it did its job quite well.. ok game but little bit expensive and way to easy .
